BMW Dundee

Car Dealership - Dundee, Angus.

John Clark Motor Group

The Works

- 338 DMEGC Solar Panels (138.58kWp)
- 99.9kW SolarEdge Inverters
- 50kWh Containerised ESS Battery Storage with built-in suppression and HVAS system

The Results

Benefitting from the generation and storage of excess electricity, the facility now enjoys a 30% reduction in electricity bills. With an estimated carbon reduction of over 26 tonnes per year, the system saves a significant amount of co2, enough to plant over 1200 trees!

Year : 2023
