

# Lovat Shinty Club Community Pavilion

Sports Club Facility - Beauly, Scottish Highlands

As a historic sports group in the Scottish Highlands, Lovat Shinty Club's new community pavilion had a core consideration to keep future running costs low. Partnering with local renewable heating experts, Ri Cruden undertook the design and installation of the most energy-efficient and cost-effective system possible for the new facility.

## The System

- Two 15kW Valliant air source heat pumps with 800L hot water
- 15kw Solar PV system with 10kW storage.

**Contractor:** Ri Cruden

**Year:** 2023
