

Audi Dundee

Car Dealership - Dundee, Angus.

The Works

- 310 DMEGC Solar Panels (127.10kWp)
- 99.9kW SolarEdge Inverters
- 50kWh Containerised ESS Battery Storage with built-in suppression and HVAS system

The Results

Benefitting from the generation and storage of excess electricity, the facility now enjoys a 28% reduction in electricity bills. Additionally, the system has an estimated carbon reduction of over 24 tonnes per year, which is equivalent to planting 1000 trees!
